Class of works: I am writing in support of Class #3 (Unskippable DVD Advertising): Audiovisual works released on DVD that contain access control measures that interfere with the ability to control private performance, including the ability to skip promotional materials.

Summary:

Disc name: Bob the Builder

I bought the DVD "Bob the Builder" for Christmas 2002. My children are subjected to 5 minutes of commercials before viewing this feature. This is utterly unacceptable. I am appalled that I cannot fast-forward through this; the DMCA affects my ability to limit my children's exposure to advertisements.
